BEEF PEPPERONI PIZZA

PIZZA SELECTIONS

Modern pizza evolved from similar flatbread dishes in Naples Italy, in the 18th or early 19th century. Prior to that time, flatbread was often topped with ingredients such as garlic, salt, cheese, and basil. It is uncertain when tomatoes were first added and there are many conflicting claims. Until about 1830, pizza was sold from open-air stands and out of pizza bakeries, antecedents to modern pizzerias.
